Plan for Achieving Self-Support (PASS)

- You want to work;
- You get SSI (for can qualify for SSI by having this plan) because you are disabled or blind; and
- You have other income and/or resources to use to get a job or start a business

Under SSI rules, any income that you have may reduce your SSI payment. But, if you have an approved plan, you can use that income to pay for the items you need to reach your work goal. Money set aside under this plan does not count when we decide your SSI payment amount. This means you may get a higher SSI payment. Also, resources you set aside for a plan do not count against the \$2,000 per individual or \$3,000 per couple limit. This could help you qualify for SSI.

For Additional Information: <http://www.ssa.gov/pubs/11017.html#1>

What's covered by the plan?

A plan can help you set aside money for most work expenses. With an approved plan, you can set aside money to pay expenses to reach your work goal. For example, the money you save can be used for:

- Transportation to and from work;
- Tuition, books, fees and supplies needed for school or training;
- Child care;
- Attendant care;
- Employment services, such as job coaching and resume writing;
- Supplies to start a business;
- Equipment and tools to do the job; or
- Uniforms, special clothing and safety equipment.

How to Apply

- The plan must be in writing, and Social Security must approve it. To start, contact your local Social Security office for an application (Form SSA-545-BK)
- Social Security must evaluate and approve your plan

The Center for Accessible Living in Louisville or Independence Place in Lexington has individuals trained to assist individuals with this process – WIPA – Work Incentives Planning and Assistance

http://www.hdi.uky.edu/setp/Materials/WIPA-counties_served_Center_for_Accessible_Living_Jan_2011.pdf
