

May 2011

Hello everyone!

I hope you've survived this very wet, stormy spring thus far. I don't know about you, but I am looking forward to sunny weather ahead! With that said, we know summertime is right around the corner and need to start planning for summer activities for our children!

Attached is a comprehensive list of summer camp opportunities around the state as well as some information on planning successful summer outings. Additionally I found two great articles on traveling that give great tips to make traveling more successful.

This month we have decided to try a new way of distributing the monthly KY PLANS packets and will use the listserv to send the information out instead of paper copies. We hope this will help everyone save resources and also allow you to easily distribute the information to everyone in your support group. I would love to hear your thoughts about this new way of distributing information and am opened to any suggestions you may have!

Have a great week!

Jennifer
