IN THE REAL

17 February

University of Louisville's
Multicultural Center

5:30pm

University of
Louisville Presents
MFEA

This event welcomes any questions, thoughts or ideas students interested in the education field may have for our guests. MFEA invites teachers and staff to share their experiences and give any advice they may have for our teacher candidates. "In the Real" is also a way that university staff can assist teacher candidates in receiving the appropriate resources and support to be successful as future teachers!
