English BA to MBA

We are excited to announce a new partnership between the **Department of English** and the **College of Business** to produce one of the first accelerated English BA to MBA programs in the country. Beginning in Spring 2023, English majors can enroll in a designated track that will grant them priority admission* to the UofL Master of Business Administration program upon graduation.

An English degree is a versatile and valuable asset for a career in business. This new collaboration will provide students with opportunities to develop their communication skills, analytical thinking, research skills, cultural awareness, and creativity, while gaining a deeper understanding of business concepts and practices. We look forward to creating a more connected and innovative learning community.

**Minimum 2.5 cumulative GPA required for MBA admission*
