

## **Report from Commission on Status of Women**

**Faculty Senate Representative: Seana Golder**

Meeting Held 1/27/17: The Commission spent the meeting working on a new vision statement.

Meeting Held 2/24/17 at the Health Sciences Campus. The Commission welcomed Quinn Chipley the Counseling Coordinator for the students enrolled in the medical, dental, nursing and graduate schools of the University of Louisville at the Health Sciences Center campus. Following this a “chocolate party” reception was held to allow members of the HSC community to get to know more about the Commission and meet Commissioners. Excellent turn out.
