

Report of the Faculty Athletics Representative
1 October 2014

The Committee on Academic Performance is pleased to welcome Eric Berson, Speed, Jessica Stumbo, Medicine, and Enid Trucios-Haynes, Law, to our ranks and to the ULAA Board.

At its first meeting of the year on 23 September, the Committee received a comprehensive report on Athletics Compliance Services from the Associate Athletic Director of Compliance, Matt Banker as well as a report on Student-Athlete enrollment units and majors from Assistant Athletic Director of Student Services, Scott Sallade. The FAR reported on her "Scoop on the NCAA and ACC" presentation at the A&S New Faculty Orientation and on the "Autonomy" issues that are under scrutiny by the ACC. CAP is in process of forming its sub-committees for the academic year and plans to meet twice a month since the committee got a late start!

ACC Faculty Athletics Representatives will meet on the Duke Campus on October 8 and 9, in conjunction with the Athletic Directors, Senior Women Administrators, and ACC Commissioner and staff.

Respectfully submitted,
Elaine Wise, FAR
