

University of Louisville – Faculty Senate – Human Resources Advisory Committee
Report for November 7, 2018 Senate Meeting
Prepared by Reginald Bruce, Committee Member (Management, College of Business)

The Human Resources Advisory Committee did not meet in October. Our next meeting for November has been rescheduled to Monday, November 12, 2018.

In June, HR released a Request for Proposals for a company to provide “benefits and actuarial consulting to assist our Total Rewards staff with strategic planning, plan management, vendor management, financial management and budgeting, compliance, benefit delivery and communications for our health & wellness benefit program provided to active and retired employees and their eligible dependents.” This RFP received proposals by July 23, 2018 and the finalists were selected and invited for onsite presentations in October. The selection for a partner consulting firm was made Friday November 2, 2018.
