

ULARP REPORT TO FACULTY SENATE 4 1 2026

Prof. Elaine Wise, ULARP Liaison

1 April 2026

Current Members of the Board: Donna Bartman (U Club Rep/S), Judy Bristow (S), Barbara Casper (F), Michael Cuyjet (F), Beverly Daly (S), Brenda Hart (F), Sande Johnson-Byers (S), Sam Miller (F/S), Pat Murphy (F), Paula Radmacher (F), Mary Rising (F), John Smith (S), and Elaine Wise (F)

The ULARP Board met on 17 March 2026, with Chair John Smith presiding. John noted that the Retiree Breakfast (rescheduled for 24 February due to the January snow storm) was well attended. John will present the ULARP Annual Report to the Board of Trustees on 21 April.

The Board reviewed the questions to be included in its retiree survey. John shared the names of the two retirees who will receive ULARP's Retiree Awards on 28 April 2026. Both have remained active in service to U of L and the community beyond retirement, an important factor in their selection.

It's baseball season, so ULARP will go to the ballgame on 15 May, when U of L plays Virginia. Coach McDonnell welcomes a full house. The next Wellness Seminar will take place on 28 April, 11-12 a.m. when Dr. Forest Arnold, professor of medicine and the chief of the Division of Infectious Diseases at U of L, will discuss the value of immunization, especially for older adults. If you consider yourself older or are related to someone who is, you may want to make a reservation!
