

University of Louisville - Faculty Senate - Academic Programs Committee

Committee report for December 6, 2017 Senate meeting

Prepared by Jasmine Farrier, Professor of Political Science (A&S - Interim Committee Chair)

---

The Academic Programs Committee (APC) did not meet in person in November. APC did review, discuss, and vote by email to report three unit program proposals to the Senate Executive Committee for full body consideration. In each case, the unit proponents answered all major committee questions and submitted revised documents, along with supporting information.

All three reporting votes for the next two full Senate meetings were unanimous:

- December 6 meeting - College of Business *MS in Data Analytics* (CPE review complete)
- January 10, 2018 meeting - School of Public Health and Information Sciences proposed *MS in Health Data Analytics and MS in Health Administration* (CPE reviews not yet complete for either SPHIS program).
