

University of Louisville - Faculty Senate (FS) - Academic Programs Committee (APC)

Committee report for November 7, 2018 FS meeting

Prepared by Chin Ng, Associate Professor of Radiology (Medicine) - Committee Chair

A proposal on MS in Bioengineering will be presented to the full senate for voting in the FS meeting on November 7th.

There are currently six proposals in the pipeline (3 certificate programs, one BS program, and two master programs), but no formal proposal has reached APC for review as of today.
