Bob,

We have been asked to provide a letter of support for a Proposed Bachelor of Science in Applied Engineering. We have completed a review of our available resources in this area which indicates that, generally, we have adequate resources to support the program. In the future, if there would be a request to add the International Society of Automation Standards, we would need to seek support from the program. I have attached a copy of our review.

Please contact us if you have any questions or need additional information.

Sincerely,

Robert E. Fox, Jr.
