Robert Goldstein
Office of the Provost
University of Louisville
Louisville, KY 40292

Bob,

We have been asked to provide a letter of support for the proposed B.S. in Biochemistry program. Our understanding is that this is a rebranding of the existing B.S. Chemistry – Biochemistry track and that no new courses will be implemented. Based on this, our available resources in this area should be adequate to support the program.

Please contact us if you have any questions or need additional information.

Sincerely,

Robert E. Fox, Jr.
Dean, University Libraries
