Provost Program Proposal Review Committee

Re: Support Letter for Undergraduate Certificate in Construction Operations proposed by the Civil and Environmental Engineering Department

Dear PPPRC:

The proposal for the Undergraduate Certificate in Construction Operations by the Civil and Environmental Engineering (CEE) Department has been approved unanimously by CEE faculty, Speed School Undergraduate and Education Committee, and the Speed School Administrative Plans and Policies Committee. As the dean of the Speed School, I fully support this proposal. I believe it will provide students with needed training and will also help to strengthen the Civil Engineering program with a more diverse curriculum. If you need more information, please feel free to contact me.

Sincerely,

Emmanuel G. Collins
