We have been asked to provide a letter of support for the proposed BSBA in Global Supply Chain Management. The University Libraries have prepared an analysis of their ability to support the new program. The review indicates that our collections are only marginal in this discipline with adequate journal support but an inadequate book collection. Consequently, we would request \$1,000 from the program in its first year to purchase print and electronic books to support the program.

I am attaching a copy of our review report for your records. Please contact us if you have any questions or need additional information.

Sincerely,

Robert E. Fox, Jr.
