

COMMITTEE ON COMMITTEES & CREDENTIALS (CCC)
Report to Faculty Senate

April 2, 2019

The Committee has not formally met, but has communicated via email. Email messages have been sent to committee members whose terms are expiring to ask if they want to run for the committee again. Faculty Senators who are not currently serving on committees and will be entering their 2nd year of their faculty Senate term were also sent an email explaining that they are required to run for at least one committee position.

The Committee will work on having a full slate of candidates for committees and conducting elections at the May Faculty Senate meeting.
