

Committee on Committees and Credentials  
Report to the Faculty Senate  
November 6, 2019

In October, CCC members communicated by email. The Committee Chair proposed a spreadsheet analysis for considering a reapportionment of Faculty Senators based on the number of faculty in each unit, as required by the Faculty Senate Bylaws. A majority of CCC members agreed to forward the recommendation from the spreadsheet analysis to the Faculty Senate Executive Committee for their consideration.

Ben Foster, CCC Chair
