

Committee on Committees & Credentials Report

Submitted by Amy Acklin, Chair

December 4, 2024

A special election ballot was sent to Faculty Senators in November to fill the one vacancy on the Planning and Budget Committee. Many thanks to Senators James Harrison (Dentistry) and Thomas Edison (Arts & Sciences) for running on the ballot. The results of the vote were tied between the candidates.

The CCC decided to break the tie in support of having as much unit representation as possible for the elected positions. Chair Mueller accepted our recommendation and appointed Thomas Edison to the Planning & Budget Committee and moved James Harrison from his appointed position on the Planning & Budget Committee to the elected position.

Looking ahead: Fulfilling one of the duties outlined in the Faculty Senate Bylaws, the CCC will examine the unit representation of our voting membership. The January CCC report will provide an update regarding our voting membership and if needed, a recommendation for a reapportionment.
