

## **Report of the Part-time Faculty Committee**

**February 2026**

The Part Time Faculty Committee met on Monday, February 2 at 3:30 PM on Microsoft Teams.

Chair Report: Roy noted that the proposal to add PTLs to the Redbook would be brought before the Board of Trustees soon. He also informed the committee that Antigone Mehani-Asghari has resigned her position as a part time faculty senator. Antigone has schedule conflict which prevented her serving at this time. The practice of our committee has been, following the resignation of a part time senator, to invite a PTL who ran in the most recent election. Roy will reach out to John Lowe to see if he is still interested in serving the senate.

Discussion was held regarding parking, specifically the committee's continuing interest in offering some relief for PTLs for whom parking permits are a challenge, given part time compensation. Following some brainstorming, it was agreed that a subcommittee would be created to gather additional information and bring a proposal back to the full committee. Lynda; Lance; Joe; and Roy will serve on the subcommittee.

The desire to create an updated and functional listserv for PTLs is ongoing. Roy committed to working with Jordan Aikin to circle back to the development of a listserv of part time faculty which can be used to communicate issues of significance for that population.

Respectfully submitted,

Roy Fuller, Chair
