

Section 2.1.B.6 currently reads as follows:

“Faculty who have administrative appointments shall be reviewed for their administrative services as well as for their other faculty responsibilities. Such reviews will be initiated by the department and will involve consultation with appropriate faculty and administrators. Each department shall develop specific policies for the evaluation of Chairs. These must include gathering specific assessments of the Chair's performance from individuals such as the Dean. The department Chair, together with the department personnel committee, will be responsible for identifying such individuals. The form of such reviews shall be established within the Dean's Guidelines. These evaluations must be incorporated into the annual review of that individual.”

The Faculty Assembly voted to revise it to read as follows:

Faculty who have administrative appointments shall be reviewed for their administrative services as well as for their other faculty responsibilities. Each department shall include a process for the evaluation of its chair in its personnel policies.
