Connie,

We have been asked to provide a letter of support for the proposed Center for Instructional and Behavioral Research in Schools. The University Libraries have prepared an analysis of their ability to support the new center and this review indicates that our journal and monograph holdings are adequate in this area. I'm attaching the analysis and description of available library and information resources which includes books, journals and indexes. Many of the resources are accessible 24/7 from on campus or from home as they are in electronic format.

Please contact us if you have any questions or need additional information.

Sincerely,

Robert E. Fox, Jr.
Dean, University Libraries
