- Fall 2026 start date: August 24, 2026
- Discussion Points:
  - Pros: Later start to semester gives Registrar, Advisors, Student Success time to do all that needs to be done for Spring semester
  - Pros (from athletics): Later start to semester helps athletics. Gives athletics the much needed time to recruit and matriculate student-athletes without the rush. This is especially crucial given the higher than usual enrollment of student-athletes this past January, largely due to the transfer portal. It took significant effort to ensure their timely admission, matriculation, and enrollment in the appropriate courses before the add/drop deadline. We understand the concern about shifting final exams after Derby. However, based on our experience advising students across the various disciplines, it has been observed that the majority of students do not have exams scheduled during this time.
  - Cons: Derby break in middle of final exams (exam dates: 4/29, 4/30, 5/4, 5/5, 5/6, 5/7)
  - Cons: summer term I and SSoE summer term start date delayed by 1 week
