

Faculty Senate Chair Report

October 2, 2019

Board of Trustees

The Governance, Trusteeship and Nominating Committee and the Academic and Student Affairs Committee met on September 26, 2019. The Academic and Student Affairs Committee approved the Creation of the Master of Science in Couple and Family Therapy and the Certificate in Teaching English as an International Language.

Proposed Strategic Technology Governance Structure

Rehan Kahn, CIO, is proposing a new Strategic Technology Governance Structure which will include an Information Technology Executive Committee and four supporting committees: Research Computing Advisory Committee, Enterprise Systems Committee, Data Administration Committee, Policy and Security and Academic Technology Committee. Each committee will have faculty representation.

University Committees

Thank you for the nominations for University Committees. Names have been sent forward for the following committees: ADA/Title IX Position Search Committee, Student Well Being Committee, Advising Task Force and the Consensual Sexual Relations Committee.
