

Staff Senate December Meeting Report

The Staff Senate met via Teams on December 8, 2020. Guests who presented included Dr. Jasmine Farrier, VP for University Development, Chief Gary Lewis gave an update on campus security and Dr. Bendapudi joined us for a semester wrap-up.

We continued with the necessary changes to our by-laws to create a standing committee to implement and monitor staff initiatives in response to the University's Anti-Racism agenda.

We heard officer and committee reports:

Services & Facilities updated on the construction of the new residence halls and pedestrian walkway.

SHARE reported on their continued efforts on behalf of staff and the awards made in November.

Staff Morale committee shared the fall 2019 Campus Climate survey and reminded us of the request for donations to the Cardinal Food Pantry.

HRAC reported on the Faculty and Staff Compensation & Total Rewards RFP. Five vendors have responded.
