

Staff Senate Report to the Faculty Senate March 3, 2021

The Staff Senate met on February 9, 2021. The meeting was recorded on Teams. Once it is posted past meeting information may be found here: [PAST MEETING INFORMATION — The Staff Senate \(louisville.edu\)](https://louisville.edu/past-meeting-information-the-staff-senate)

The most significant action of the meeting was the creation of a new standing committee called the Committee on Anti-Racism Efforts (CARE). The committee's purpose is to monitor and identify ways with which the Staff Senate can be an effective partner in the University's anti-racism agenda. The Staff Senate also amended our by-laws to reflect the new standing committee.

We received updates from Dr. Bendapudi, Dr. Khan introduced Katherine Stevenson to tell us about which older operating systems the university would no longer support.

Brian Buford presented an overview of the new Employee Success Center:

Committee reports completed our meeting. Our next meeting is March 9 at 2:30 on the TEAMS platform.

Thank you.
