

**Faculty Senate Meeting
Staff Senate Update [January 11, 2023]**

Staff Senate met on December 13, 2022

- a. **ITS Update:** Interim CIO Brad Andersen provided an update on the recent network outages. There have been three recent incidents, all with differing causes. ITS is working hard to prevent future outages.
 - ITS is working on the best ways to communicate outages to the campus. Outage information will be added to the ITS webpage where an update will be provided every two hours.

- b. **Workday update:** Melissa Shuter provided an update on the Workday implementation. Workday's 'go live' date is January 9. The new pay period for biweekly employees will be Sunday to Saturday (beginning January 1). All employees will be encouraged to verify their personal information. Training guides, video tutorials, important dates, as well as many other resources are available at: <https://louisville.edu/workday/home/>.

- c. **Pharmacies:** Reminder: As of January 1, Kroger Pharmacy will no longer be in UofL's pharmacy network. Negotiations between Kroger and Express Scripts have broken down and are at a standstill right now. Kroger could be added back into the network at any time if the stand still is resolved. Walgreens and Costco pharmacies are being added to UofL's pharmacy network in addition to all other ones that are available. On the website, click "[find a pharmacy](#)" and there are several independently owned pharmacies that are on the 'in network' list.
