When entertaining university guests, or when hosting a university-related function, it may be appropriate to serve alcoholic beverages. In these cases, alcoholic beverages may be purchased with discretionary funds.

Alcoholic beverages may **not** be charged to any funds that preclude such expenditures because of donor or grant restrictions, and **may not be charged to state-appropriated or public funds** (programs in sequences of 0, 1, 3, 4, L, X).

This policy is applicable to both on-campus and off-campus events.
