

SEARCH FOR SPECIFIC FLIGHTS

If you already know which flights you want or would like to narrow the parameters, do this in the **Trip Search** below and change your search to **SHOP BY SCHEDULE** as shown below.

The screenshot shows the Concur Trip Search interface. On the left, there is a sidebar with search filters for 'Mixed Flight/Train Search', including 'From', 'To', 'Depart', and 'Return' dates and times. A red arrow points from the 'Shop by Schedule' tab in the main results area back to the search filters. The main area displays a 'Trip Summary' for a round trip from SDF to MVD and back. Below the summary, there are tabs for 'Shop by Fares' and 'Shop by Schedule', with a red arrow pointing to the 'Shop by Schedule' tab. The results show flight options with details like flight number, departure/arrival times, and prices.

This screenshot provides a detailed view of the 'Shop by Schedule' results. It shows a list of flight segments for a round trip from Louisville, KY to Montevideo, Uruguay. The 'Depart' tab is active, showing flight options from SDF to IAD and then to GRU. A red arrow points to the 'Shop by Schedule' tab. The results include flight numbers, departure/arrival times, and airline information. Below the flight list, there is a summary of the total travel time and a list of aircraft used for the segments.

Airline	Flight	Route	Class	Price
United	02:50p SDF	→ 04:25p IAD	Nonstop	Economy
United	10:00p IAD	↪ 08:55a GRU	Nonstop	Economy
TAM Linhas Aerea	10:05a GRU	→ 12:45p MVD	Nonstop	Economy
