

KHSL Homepage and Portals

Kornhauser Health Sciences Library (KHSL) is dedicated to providing essential library services to the University of Louisville. Visit our home page to learn more about KHSL and access library resources!

<https://library.louisville.edu/kornhauser>

Portals were designed by KHSL to be one-stop-shops for students, faculty, and clinical professionals in Medicine, Dentistry, Public Health, Nursing, and Research. On these sites you will find essential resources, evidence based-practice resources, point of care tools, drug information, and other basic library information and services.

- Dentistry <https://library.louisville.edu/kornhauser/dentistry>
- Medicine <https://library.louisville.edu/kornhauser/medicine>
- Nursing <https://library.louisville.edu/kornhauser/nursing>
- Public Health <https://library.louisville.edu/kornhauser/publichealth>
- Researchers <https://library.louisville.edu/kornhauser/researchers>

Mobile Apps

Mobile Apps can be download on any mobile device. Learn more about syncing these apps with KHSL resources here:

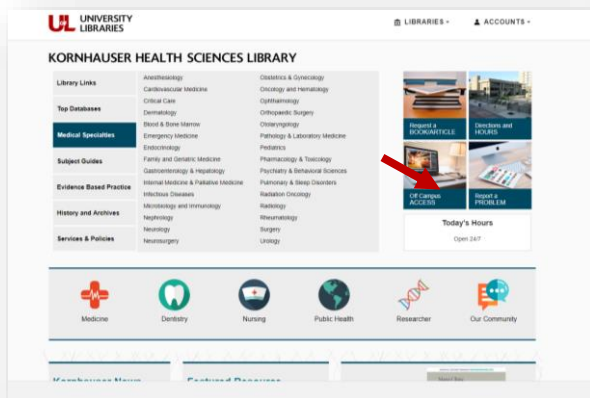

<https://louisville.libguides.com/kornhauser/medical-mobile>

Off Campus and Hospital Access

Your association with UofL allows you to access the library's subscribed resources from off-campus. Such resources include databases, electronic journals and e- books, etc.

To access these resources from off-campus you'll need to login to the proxy server with your ULink ID and password. You access the login page here:

This is the login screen you should see when you access the resource remotely via a library's Web page:

It is important to note that Norton Hospital, University Hospital, and ULP offices are all considered off-campus. You will need to login using Off-Campus Access to access library resources from these facilities.
