

# Writing Resources for Grad Students, Postdocs, and Faculty

The University Writing Center works with writers in disciplines from across the university. For writers and researchers located at the Health Science Center campus, we provide individual writing consultations, writing groups, and workshop opportunities. We work with any kind of writing at any stage of the writing process. Our resources for graduate students, postdoctoral researchers, and faculty are:

**The University Writing Center office at HSC:** We offer writing consultations on the Health Sciences Campus. We are located in School of Nursing, K-Wing Room 2028. Starting August 19, our hours for the Fall 2019 semester are Tuesdays 12 – 3 and 4 – 6 and Thursdays 10 – 1 and 2 – 4. Writers at HSC are also welcome to make appointments in University Writing Center on the Belknap Campus in Ekstrom Library, where we have more extensive hours. To make an appointment visit our website: <http://louisville.edu/writingcenter>.

**Faculty & Graduate Student Writing Group:** We organize and facilitate writing groups for graduate students and faculty at the University Writing Center on Belknap Campus. The goal is to provide support, community, accountability, and feedback for graduate students working on research writing. Starting August 27, the group will meet during the Fall 2019 semester on Tuesdays from 5:00-7:00 pm. For more information about the writing group, contact us at [writing@louisville.edu](mailto:writing@louisville.edu).

**Dissertation Writing Retreats:** We hold a week-long Dissertation Writing Retreat each May on the Belknap campus where students working on their dissertations have intensive writing sessions combined with individual consultations and workshops about dissertation writing issues. We post the call for applications in February. For more information, visit our website: <http://louisville.edu/writingcenter/for-students-1/dissertation-writing-retreats>.

**Writing Workshops for The Graduate School:** The University Writing Center, in partnership with SIGS, offers a series of workshops about academic writing, covering issues such as Writing a Literature Review, Organizing Large Writing Projects, and Writing for Publication. You can find descriptions and more information about our workshops here: <http://louisville.edu/writingcenter/for-students-1/graduate-student-workshops>.

**Online Resources:** We have online resources including videos about citation styles, literature reviews, and writing with sources. We also have answers to Writing FAQs, including some specifically for graduate students, and handouts about writing issues from different genres of writing to issues of grammar and style. You can find the resources here: <http://louisville.edu/writingcenter/for-students-1>.
