## Formulary

A formulary is a list of preferred drugs from Express Scripts (our Pharmacy Benefit Manager) based on evaluations by independent physicians. The Express Scripts formulary for UofL is available online at [www.express-scripts.com](http://www.express-scripts.com). The formulary may change during the year when:

- a generic drug becomes available to replace the brand name drug
- a drug becomes available over-the-counter (no longer covered under the pharmacy benefit)
- new drugs are approved
