

A KENTUCKY GOVERNMENTAL
PURCHASING COLLABORATIVE

The Kentucky Pharmacy Coalition provides pharmacy benefit contracting through a group purchasing agreement. In addition to accessing pricing arrangements, the Kentucky Pharmacy Coalition will help control prescription costs for covered employees and their covered dependents.

We're committed to helping you save money whenever possible. To use your University of Louisville prescription benefit, present your Express Scripts prescription benefit ID card at your pharmacy, **AND** also ask if there are any special pricing programs they offer on any medications.

Help with Your Medicine & Copay Counseling: Free prescription counseling services are available for any University of Louisville health plan member. You may phone Kentucky Rx Coalition pharmacists with questions regarding prescriptions and over-the-counter medications, and advice on how you may save money on your prescriptions. **To access prescription drug counseling, phone 1-855-218-5979 (KY Rx) or 859-218-KY Rx (5979).**

Should I call Express Scripts or the Kentucky Rx Coalition when I have prescription issues?

Contact Express Scripts:

- ✓ when you need ID cards
