

MSCFT Curriculum Plan (2.5-year, Spring Start, MSCFT-Only) – 60 Hours

The 2½-year curriculum plan option allows students to complete some of the supplementary course work early prior to starting the core CFT courses and practicum in the fall. This plan is for students who are able to carry a rigorous academic course load, want to start early, and are able to make financial arrangements that will allow them to focus on their academic obligations without working more than part-time.

IMPORTANT: This curriculum plan begins in the SPRING SEMESTER and must be followed carefully.
