#LAWSTUDENTWELLNESS

Students face myriad issues and stressors as they transition both into law school and ultimately from law school into the profession. Some students will seek assistance when issues and pressures mount, while others will attempt to go it alone. This national Twitter Chat aims to encourage students to seek help when they need it, by addressing questions around stigma, bar application character and fitness, and anything else on the minds of students and those who care about them.

TIP: At the time of the Chat, search #LawStudentWellness then click "Latest" to track the conversation.
