

# Summer 2020 Schedule

## *Overview, Tentative Version 1.23.19*

The Summer 2020 schedule appear differently in this document than Fall and Spring schedules (Excel and calendar versions), because almost all the courses are online, abroad, externships, or clinic. Students should consult the University course listings available through ULink for details, enrollment caps, updates, and registration. Please note that there are two regular sessions: Session 1 (May 18-July 10), and an accelerated Session 2 (July 13-August 9). Students may enroll for either or both of the Sessions, although a student is limited to only 1 course in Session 2 due to the highly accelerated nature of those courses. Some courses are scheduled for special dates that don't correspond to regular session dates, and those appear first in the listing below. All academic calendars (including holidays) appear on the Law School and University web pages. All schedules are subject to change without notice.
