

Curriculum Vitae

Michał Hetman, M.D., Ph.D.
phone (work): +(502)852-3619
(cell): +(502)418-4711

EDUCATION

1987-1994 M.D. studies on the First Faculty of Medicine, Warsaw Medical University, Warsaw, Poland.
1994-M.D. degree with the second best result in the class.
1991-1997 Ph.D. studies at the University of Goettingen, Germany (Prof. Kurt von Figura laboratory/
advisor : Prof. Christoph Peters) and the Nencki Institute, Warsaw, Poland (Prof. Leszek
Kaczmarek laboratory/ advisor: Prof. Leszek Kaczmarek)
1997-Ph.D. in Center of Experimental and Clinical Medicine, Polish Academy of Sciences, Warsaw,
Poland with honors.

Professional Experience

- 09/1994-09/1995: Intern in CSK WAM University Hospital, Warsaw, Poland
- 10/1995-12/2000: Research Associate, Nencki Institute, Warsaw, Poland (Prof. Leszek Kaczmarek
laboratory)
- 06/1997-11/2000: Postdoctoral fellow in Department of Pharmacology, University of Washington,
Seattle, USA (advisors: Drs. Daniel Storm and Zhengui Xia)
- 11/2000-12/2003: Investigator and Head of the Laboratory of Molecular Neurology, International
Institute of Molecular and Cellular Biology UNESCO/PAN, Warsaw, Poland
- 10/2002-12/2007: Assistant Professor in Department of Neurological Surgery, University of
Louisville, Louisville, KY, USA
- 12/2002-present: Endowed Professor of Molecular Signaling, University of Louisville, Louisville,
KY, USA
- 01/2003-present: Secondary appointment, Department of Pharmacology and Toxicology, University
of Louisville, Louisville, KY, USA
- 01/2003-present: Member, Graduate Faculty, University of Louisville, Louisville, KY, USA
- 12/2003-present: Member, Brown Cancer Center, University of Louisville, Louisville, KY, USA
- 06/2006-present: Member, Center for Molecular Medicine and Genetics University of
Louisville School of Medicine
- 01/2008-08/2014: Associate Professor (tenure October 2008) Department of Neurological Surgery,
University of Louisville, Louisville, KY, USA

08/2014-present Professor (tenured) Department of Neurological Surgery, University of Louisville, Louisville, KY, USA

Selected awards and fellowships

1991 fellowship of the TEMPUS program of the European Community Commission to support studies at the University of Goettingen.
1995 *Young Scientist Award* of the Foundation for Polish Science
1998 Two-year postdoctoral fellowship of American Heart Association
1998 Polish prime-minister prize for distinctive doctoral thesis
2000 One-year postdoctoral fellowship of American Heart Association
2002 Wellcome Trust Senior Research Fellowship
2002 Endowed chair in Molecular Signaling, University of Louisville School of Medicine
2003 Young Investigator Award, European Society of Neurochemistry
2005 Young Scientist Colloquia Award, International Society of Neurochemistry

Professional Memberships

2002-present *Society for Neuroscience*
2006-present *International Society of Neurochemistry*

Reviewing Services and study Sections

Ad hoc reviewer for granting agencies: *Alzheimer's Association, Veterans Administration, NIH, US Department of Defense CDMRP Tuberous Sclerosis Research Program, Ministry of Science and Higher Education, Poland, National Science Center, Poland, The Israel Science Foundation, Israel, Wings for Life Foundation, Medical Research Council, UK.*

Ad hoc reviewer for *Science, Journal of Neuroscience, Journal of Neurochemistry, Proceedings of Natl. Academy of Sciences, Progress in Neurobiology, Journal of Biological Chemistry, Journal of Cytochemistry and Histochemistry, Journal of Neuroscience Research, Apoptosis, FEBS Journal, Experimental Cell Research, Cerebral Cortex, PlosOne, Neuroscience, Neurosignals, Trends in Neuroscience, Bioassays, Disease Models and Mechanisms.*

2009, 2010, 2017- Member of the Tuberous Sclerosis Research Program Review Panel, Department of Defense, CDMRP
2011 NIH ZRG1-MDCN-f02 special emphasis study section
2011, 2012 VA NURE special emphasis study section
2011, 2012 NSF IOS Panel
2014-present NIH ZRG1 F03A-N Panel

Editorial service

2011-present *PLoS One*, Academic editor
2014-present *Acta Neurobiologiae Experimentalis*, Editorial Board member
2013- *BBA Molecular Basis of Disease*, Editor of the special issue, *Role of the nucleolus in human diseases*

Institutional service

2008-2012 departmental representative at the UofL School of Medicine Faculty Forum
Jan 2008-present member of the Institutional Biosafety Committee

Community service

2007-2010 Treasurer of the Louisville Chapter of the Society for Neuroscience
2005, 2007, 2009, 2011, 2013, 2015, 2017-Member of the Organizing Committee of the Kentucky Spinal Cord and Head Injury Research Conferences
Organized classes for JCPS Wilder Elementary School and St. Leonard Parish School students on life sciences (cardiovascular system, neurobiology of head and spinal cord injury).
Classes with high school students at the Louisville Science Center on prevention of spinal cord injuries.
2012- Brain Awareness Week speaker at Morehead State University, Morehead, KY

Teaching experience

PhD thesis advisor for A. Gozdz (thesis defended in Jan. 2006)
PhD thesis advisor for A. Habas (thesis defended in August 2007)
PhD thesis advisor for S.C. Smith (thesis defended in December 2011)
PhD thesis advisor for J. Hallgren (thesis defended in August 2015)
Undergraduate honors thesis advisor for J. Jones (thesis defended in April 2012)
Undergraduate honors thesis advisor for N. Lynch (thesis defended in March 2015)
PhD thesis committee member for C. Wiegand, P. Jayaraman, J. Brown, T. Dinckman, N. Kupeyrs, S. Arnold, L. Potts, D. Familtsev.
Postdoctoral advisor of Drs. K. Kalita, G. Kharebava, E. Szatmari, C. Gomes, M. Pietrzak, L. Slomnicki, A. Vashishta, E. Kilanczyk and Y. Zhao.
Hosting 1 middle school-, 2 high school-, 9 undergraduate- and 4 medical student summer research rotations at the UofL.
Lecturer in undergraduate courses: Biology Honors Seminar Series.
Lecturer in graduate courses: Molecular Biology of Cancer, Molecular Cell Biology, Developmental Neurobiology, Molecular and Cellular Neuroscience.
2016-present- Course Director, Molecular Cell Biology (Bioc-667), UofL Graduate School

Trainees achievements:

2005 - Research Louisville- 1st prize for best postdoctoral poster to Dr. Szatmari
2006 - Louisville Neuroscience Day- 1st prize for the best postdoctoral poster to Dr. Kalita, 2nd prize for best postdoctoral poster to Dr. Kharebava
2006 - Research Louisville- 1st prize for the best postdoctoral poster to Dr. Kalita
2006 - Society for Neuroscience Travel Award to Dr. Kalita
2007 - Louisville Neuroscience Day- 2nd prize for the best postdoctoral poster to Dr. Vashishta,
2009 - Louisville Neuroscience Day- 2nd prize for the best postdoctoral poster to Dr. Pietrzak, 3rd price for the best graduate student poster for Mr. Scott C. Smith
2009 - Research Louisville- 1st prize for the best postdoctoral poster to Dr. Gomes
2010 - Louisville Neuroscience Day- 1st prize for the best postdoctoral poster to Dr. Vashishta
2011- Louisville Neuroscience Day- 1st prize for the best postdoctoral poster to Dr. Vashishta, 2nd price for the best graduate student poster for Mr. Scott C. Smith
2012- best honors thesis award for J. Jones, College of Arts and Sciences, UofL, 2012
2013- Louisville Neuroscience Day- 2nd prize for the best postdoctoral poster to Dr. Vashishta
2016- Louisville Neuroscience Day- 3rd prize for the best postdoctoral poster to Dr. Slomnicki

2017 Louisville Neuroscience Day- 1st prize for the best postdoctoral poster to Dr.Slomnicki

Current positions of the former trainees:

E. Szatmari - research associate at the Max Plank Institute Florida

A. Habas – scientist, Neuropore Therapies Inc.

K. Kalita - adjunct investigator (corresponding to the assistant professor rank) at the Nencki Institute, Warsaw, Poland

G. Kharebava- research associate, NIH

C. Gomes- research associate, University of Louisville

S.C. Smith- assistant professor, University of Nebraska

J. Hallgren- postdoc, Thomas Jefferson University

A.Vashishta- research associate, University of Louisville

Current Research Support

NINDS 1R21NS103433-01A1 (funding period: 09/15/2017 - 08/31/2019) Glial-specific gene expression after contusive spinal cord injury; role: PI (co-PIs: M. Hetman and S.R. Whittemore); annual direct costs \$135,000

Blackfan Diamond Anemia Foundation Pilot Grant (funding period: 06/01/2016-05/31/2019) Identifying small molecule compounds to disrupt ribosomal stress signaling; role: PI; annual direct costs: \$8,330 (total direct costs: \$ 25,000)

Leona and Harry Helmsley Charitable Trust, Center for Restorative Spinal Cord Medicine Pilot Grant (funding period: 02/01/2018-01/31/2019) Nociceptor-specific gene expression changes in response to experimental SCI; role: PI (MPI: Hetman and Rau); annual direct costs: \$50,000.

PENDING Research Support:

NINDS 1R01NS108529-01 (funding period: 04/01/2018-03/31/2023) The integrated stress response and oligodendrocyte survival after spinal cord injury, role: PI (co-PIs: S.R. Whittemore, M. Hetman); impact score: 26, percentile: 9; annual direct costs \$380,000

Previous Research Support (as a PI)

1998, 2000 2+1 year postdoctoral fellowship of American Heart Association (USD 90.000), Role: Principal Investigator

2001-2002 research grant of the State Committee for Scientific Research (Poland) # CD2000/1 (USD 60.000), Role: Principal Investigator

2001-2003 research grant of the State Committee for Scientific Research (Poland) # 6P04A00421 (USD 65.000), Role: Principal Investigator

2002 Wellcome Trust Senior Research Fellowship (USD 400.000)

2002-2005 NIH COBRE grant P20 RR15576, Program Director: S.R. Whittemore, Mechanisms of plasticity and repair in SCI. Project 5: Survival signaling in CNS neurons exposed to DNA damage, PI: M.Hetman (annual direct cost: \$100,000)

2004-2007 Kentucky Spinal Cord and Head Injury Research Trust KSCHIRT Grant# 3-5, PI: M. Hetman (annual direct cost: \$ 90,000)

2004-2006 NATO Life Science and Technolgy Program LST.CLG980495, PI: M. Hetman, Co-PIs: L.Kaczmarek, J.Albrecht (annual direct cost, \$ 7,500)

2004-2007 Alzheimer's Association IIRG-04-1139 Analysis of NMDAR-GSK interactions in AD, PI: M. Hetman (annual direct cost, \$ 70,000)

- 2004-2010 NIH/NINDS 1 R01 NS047341-01, Survival signaling in CNS neurons exposed to DNA damage, PI: M. Hetman (annual direct cost, \$ 185,000)
- 2005-2010 NIH COBRE P20 RR15576-06, Mechanisms of plasticity and repair in SCI, Program Director: S.R. Whittemore, Project 2: Neuroprotection by glutamate-regulated transcription factors, PI: M. Hetman (annual direct cost: \$175,000)
- 2008-2011 Kentucky Spinal Cord and Head Injury Research Trust (KSCHIRT) 08-15, The role of the ER stress response in SCI, Co-PIs: S.R. Whittemore, M. Hetman (annual direct costs: \$90,909)
- 2010-2013 NSF IOS1021860 Regulation of Neuronal Morphogenesis by the Nucleolar Transcription, PI: M. Hetman (annual direct costs \$110,000)
- 2011-2016 NINDS 1R01NS073584-01 ER stress and oligodendrocyte survival after spinal cord injury, Co-PIs: S.R. Whittemore, M. Hetman (annual direct costs 280,000/year)
- 2014-2016 American Epilepsy Society Seed Grant Role of ribosomal biogenesis in development of epilepsy, PI: M. Hetman (annual direct costs: \$ 20,000)

61. Saraswat Ohri S, A Mullins, **M Hetman**, SR Whittemore. (2018) Activating Transcription Factor-6 α Deletion Modulates the Endoplasmic Reticulum Stress Response after Spinal Cord Injury but Does Not Affect Locomotor Recovery. *J Neurotrauma.* 35(3):486-491. PubMed PMID: 26842780.
62. Vashishta A, LP Slomnicki, M Pietrzak, SC Smith, M Kolikonda, SP Naik, R Parlato, **M. Hetman**. (2018) RNA-Polymerase-1 is transiently regulated by seizures and plays a role in a pharmacological kindling model of epilepsy. *Mol Neurobiol. In press.*

Book chapters:

Hetman M. Nucleolar Contributions to DNA-Damage Response and Genomic (In)Stability in the Nervous System. In *Genome Stability: From Virus to Human Application* (ed.: Kovalchuk I, Kovalchuk O). Chapter 30, 527-539. 2016 Academic Press, ISBN: 978-0-12-803309-8.

Selected Meeting Presentations (Invited lectures)

- 2003 International Conference *Mechanisms of Neurodegeneration*, Warszawa, Poland. GSK3beta as a target for protective ERK1/2 signaling. **Invited Lecture.**
- 2003 Annual Meeting of the European Society of Neurochemistry, Warszawa, Poland, NMDA receptors mediate protective activation of Extracellular Signal Regulated Kinase1/2. **Invited Lecture.**
- 2004 FEBS Conference, Warsaw, Poland. Interactions between NMDA receptors and Glycogen Synthase Kinase 3® (GSK3®) result in GSK3® activation, reduction of NMDA-activated CRE-driven transcription and suppression of GSK3® -induced apoptosis. **Invited Lecture.**
- 2005 International Society of Neurochemistry, Innsbruck, Austria. A positive feedback loop between glycogen synthase kinase 3beta and protein phosphatase 1 after stimulation of NR2B NMDA receptors in forebrain neurons. **Invited lecture.**
- 2008 14th Annual Kentucky Spinal Cord and Head Injury Research Trust Meeting, Lexington, Ky, The bright side of the N-Methyl-D-Aspartate Receptors: Survival Signaling. **Invited lecture.**
- 2008 EMBO Workshop *Nucleolus in Disease*, Morley, UK, Kalita K, Makonchuk D, Gomes C, Zheng JJ, Hetman M Inhibition of nucleolar transcription as a trigger for neuronal apoptosis. **Invited lecture.**
- 2011 Polish Neuroscience Society Meeting, Lodz, Poland, M.Hetman Multitasking by the neuronal nucleolus: stress sensing and neurotrophic responses, **Invited lecture.**

Invited Seminars at other Institutions

- 2004 Department of Pharmacology, University of Pittsburgh
- 2004 Department of Physiology, University of Kentucky
- 2005 Sanders Aging Center, University of Kentucky
- 2006 Department of Anatomy and Neurobiology, Medical College of Ohio
- 2008 Department of Pharmacology, University of Iowa
- 2009 Department of Physiology, Michigan State University
- 2010 Department of Cellular Molecular Medicine, University of Ottawa
- 2011 Division of Pharmaceutical Sciences, Duquesne University

2013 Department of Molecular and Cellular Neurobiology, Nencki Institute
2016 Department of Biology, University of Memphis
2016 Department of Molecular and Cellular Neurobiology, Nencki Institute
2018 Burke Rehabilitation Institute, Cornell University
