9 am - 3 pm

Kentucky Science Center

727 W. Main Street

Louisville, KY 40202

Up to 6 percent of the population may be living with an aneurysm at any time. In this course, experts in cerebrovascular care will provide updates in the latest treatment options for brain aneurysms and cover risk factors and indicators for treatment. Emergency medicine and primary care providers, neurologists, and patients and their families are invited.

Keynote Speaker:
Adam Arthur, MD, MPH

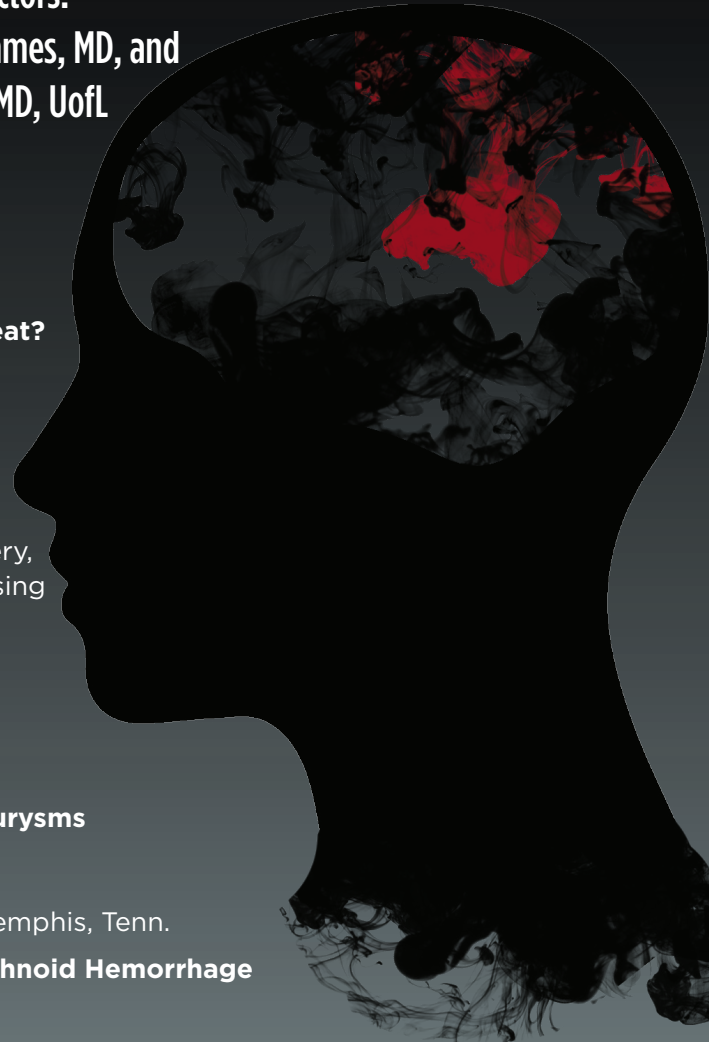

*University of Tennessee Semmes
Murphey Clinic*

Course directors:
**Robert F. James, MD, and
Dale Ding, MD, UofL**
