

About the Symposium

The Bluegrass Regional Movement Disorders Symposium brings together leaders in Movement Disorders from Indiana, Kentucky, Tennessee, and Ohio. The event will be an excellent opportunity to learn about new developments in Movement Disorders and is designed for primary care providers, internists, geriatricians, general neurologists, and physicians in training and others in the health profession who will be exposed to patients with Parkinson's disease or other movement disorders.

Participating Faculty

Directors

S. Elizabeth Zauber, M.D.

Dr. Zauber is a Movement disorders specialist and associate professor at Indiana University School of Medicine. She completed her medical degree and neurology residency at Washington University, in St. Louis. She then completed fellowship training at Rush University, in Chicago.

She joined the neurology faculty at Indiana University School of Medicine in 2009. In addition to treating patients with PD and other movement disorders, Dr. Zauber is involved in clinical research and resident education.

Kathrin LaFaver, M.D.

Dr. LaFaver is the Director of the University of Louisville Movement Disorders Clinic, Assistant Professor of Neurology and Raymond Lee Lebby Chair of Parkinson's Disease Research and a neurologist at UofL Physicians. She completed a neurology residency at Mayo Clinic in Rochester, MN and Movement disorder fellowships at Harvard

University in Boston and the National Institutes of Health in Bethesda, MD. Her research interests are gait difficulties and freezing of gait in Parkinson's disease, detecting early signs of Parkinson's disease and maintaining good quality of life throughout all stages of the disease

Participating Faculty

Andrew Duker, MD, Associate Professor
University of Cincinnati
Cincinnati, OH

Zain Guduru, MD, Assistant Professor
University of Kentucky
Lexington, KY

Christopher James, MD, Assistant Professor
Indiana University School of Medicine
Indianapolis, IN

Adam Nagay, MD, Assistant Professor
Vanderbilt University
Nashville, TN

Cara Jacob, MD, Assistant Professor
University of Cincinnati
Cincinnati, OH

About IU School of Medicine Department of Neurology:

IU School of Medicine is the largest medical school in the United States. Comprised of eight basic science departments and 18 clinical science departments, IU School of Medicine offers exceptional training for students wishing to pursue a medical degree.

Under the leadership of Professor and Chairman Robert M. Pascuzzi, MD, the IU School of Medicine Department of Neurology's core mission is to advance neurological health in Indiana and beyond through innovation and excellence in education, research and patient care.

The department is located in the new IU Health Neuroscience Center, a state-of-the-art outpatient center that unites all the specialties that involve nervous system disorders – Neurology, Neurosurgery, Psychiatry, Physical Medicine and Rehabilitation, Neuropsychology and Neuroradiology. It is also home of the main outpatient Neurophysiology (EEG, EMG and Evoked Potentials) laboratory at IU Health. The adjoining Indiana University Neurosciences Research building enables clinicians, basic scientists and physician scientists in the neurosciences to collaborate in research, education and patient care in an environment that is rarely achieved in academic medicine. This department has a rich tradition in academic neurology with a national reputation in neurological education and neuroscience research.

About the JW Marriott and Surrounding Attractions:

Soaring 33 stories above downtown, JW Marriott Indianapolis boasts posh accommodations and intuitive amenities for an unrivaled stay in the heart of the city. Conferencegoers, destination shoppers, and sports fans alike will admire the hotel's privileged location flaunting skywalk access to Indiana Convention Center, Circle Center Mall and Lucas Oil Stadium.

Within walking distance of the hotel, you can visit attractions such as the Indianapolis Zoo, Victory Field – Home of the Indianapolis Indians, Eiteljorg Museum, NCAA Hall of Champions, White River State Park, and so many others! A short drive from the JW Marriott, you can also visit The Children's Museum of Indianapolis, Indianapolis Motor Speedway, and the Indianapolis Museum of Art.
