Very Certain (8-
53.33%)

Certain (6-
40.00%)

N/A (1-
6.67%)

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (6)

Rehab for stroke patients.

always enjoy cardiology updates.

Movement disorders, ALS, PTSD

concussion management

tremors

Functional disorders, spine disorders, movement disorders

8. Were the patient recommendations based on acceptable practices in medicine?

(14)

Yes (14-
100.00%)

10. Do you think the presentation was without commercial bias?

(14)

Yes (13-
92.86%)

No (1-
7.14%)

12. Please provide any additional comments you may have about this educational activity. (2)

Very worthwhile attending

Great learning opportunity

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality improvement.
