

## 8th Annual ISPCOP Symposium 2019: Outcomes and Enhanced Recovery after Bariatric Surgery in Patients 10/21/2019

This activity was created to address the professional practice gaps listed below:

- Identifying challenges of pathophysiologic changes in obese patients.
- Recognizing the influence on short and long term outcome of morbidly obese patients undergoing surgery.
- Applying the concept of enhanced recovery after bariatric surgery (ERABS).

### 1. Please respond regarding how much you agree or disagree that the gaps listed above were addressed.

|                                                                                                                                              | Disagree |     | Agree         |               |
|----------------------------------------------------------------------------------------------------------------------------------------------|----------|-----|---------------|---------------|
| Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above. [5-3.80]                   | (0)      | (0) | (1)<br>20.00% | (4)<br>80.00% |
| Participating in this educational activity changed your COMPETENCE in the professional practice gaps listed above. [5-3.80]                  | (0)      | (0) | (1)<br>20.00% | (4)<br>80.00% |
| Do you feel participating in this educational activity will change your PERFORMANCE in the professional practice gaps listed above? [5-3.80] | (0)      | (0) | (1)<br>20.00% | (4)<br>80.00% |

### 2. Please elaborate on your previous answers. (3)

Great discussions of applying ERAS principles to bariatric patients, especially some focused cardiac evaluation

Reinforced my current practice

N/A

### 3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

|                                     | Poor | Fair | Good          | Excellent     |
|-------------------------------------|------|------|---------------|---------------|
| Anu Wadhwa, MD [5-3.60]             | (0)  | (0)  | (2)<br>40.00% | (3)<br>60.00% |
| Olubukola Nafiu, MD [4-4.00]        | (0)  | (0)  | (0)           | (4)100%       |
| Patrick Ziemann-Gimmel, MD [4-3.50] | (0)  | (0)  | (2)<br>50.00% | (2)<br>50.00% |
| Michael Scott, MD [5-3.60]          | (0)  | (0)  | (2)<br>40.00% | (3)<br>60.00% |

Andrea Kurz, MD [5-3.60]

**4. Please elaborate on your previous answers. (4)**

All the speakers had very thought provoking presentations. Well done.

NA

more focus on ERAS

N/A

**5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (4)**

First, we will certainly be looking at obtaining BNP levels in bariatric pts with complex cardiac history and suspicion of heart failure. We will also be looking at how to implement more ERAS principles to our patients who already have fairly short inpatient stays.

reinforced current practice

certain ERAS components

Work on ERABS

**6. How certain are you that you will implement this change?**

**(4)**

Very Certain <sup>(1-</sup>  
25.00%)

Certain <sup>(2-</sup>  
50.00%)

Not Certain <sup>(1-</sup>  
25.00%)

**7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (3)**

The bariatric patient with chronic pain on high level of opioid or anxiety medications

I think the meeting was very well done. A pro-con debate would be very interesting for ISPCOP

Drug disposition in morbidly obese

**8. Were the patient recommendations based on acceptable practices in medicine?**

**(4)**

Yes <sup>(4-</sup>  
100.00%)

**9. If you answered No on the question above, please explain which recommendation(s) were not based on acceptable practices in medicine? (1)**

N/A

**10. Do you think the presentation was without commercial bias?**

**(4)**

Yes <sup>(4-</sup>  
100.00%)

**11. If you answered No on the above question, please list the topics that were biased? (1)**

N/A

**12. Please provide any additional comments you may have about this educational activity. (3)**

Always one of the most interesting conferences associated with ASA meeting. Look forward to next year.

excellent meeting

None.

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality improvement.

We look forward to seeing you at future University of Louisville events. Thank you very much.
