

Neuro-Oncology 2019: Advanced Treatment Paradigms of Meningioma

7/27/2019

This activity was created to address the professional practice gaps listed below:

- Identifying the epidemiology of meningioma to accurately diagnose these tumors.
- Recognizing best practice guidelines and recent literature that describes new approaches for meningioma.
- Identifying care and recovery rehabilitation options for meningioma patients following treatment.
- Responding to the need for more radiobiological research for the treatment of meningioma.
- Identifying best treatment avenues for meningioma due to tumor variability and multiple approaches.

1. Please respond regarding how much you agree or disagree that the gaps listed above were addressed.

	Disagree		Agree	
Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above. [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Participating in this educational activity changed your COMPETENCE in the professional practice gaps listed above. [10-3.80]	(0)	(1) 10.00%	(0)	(9) 90.00%
Do you feel participating in this educational activity will change your PERFORMANCE in the professional practice gaps listed above? [10-3.80]	(0)	(0)	(2) 20.00%	(8) 80.00%

2. Please elaborate on your previous answers. (5)

wonderful educational experience

Increase in the use of genetic and epigenetic markers in meningioma

I do not treat meningiomas at this time, but certainly feel more educated to assist patients.

much of the discussion was new to me, some of the material I did not understand

Yes

3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

Poor Fair Good Excellent

Shiao Woo, MD, FACR [10-3.80]	(0)	(0)	(2) 20.00%	(8) 80.00%
Eyas Hattab, MD, MBA [10-3.40]	(0)	(2) 20.00%	(2) 20.00%	(6) 60.00%
Robert Bert, MD, PhD [10-3.70]	(0)	(1) 10.00%	(1) 10.00%	(8) 80.00%
Deric Park, MD, FACP [10-3.70]	(0)	(0)	(3) 30.00%	(7) 70.00%
Franco DeMonte, MD, FRCS-C, FACS [10-3.80]	(0)	(0)	(2) 20.00%	(8) 80.00%
Megan Nelson, MD [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Alexandra Schaber, APRN [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Clinton Rayhill, APRN [9-3.78]	(0)	(0)	(2) 22.22%	(7) 77.78%

4. Please elaborate on your previous answers. (5)

Various aspects of the topic were very well covered.

All talks were very good, but I had difficulty hearing a couple of the speakers. Some talks were less interesting to me.

Learned a great deal from the nursing standpoint and about cancer rehab, that I did not know before the seminar.

everyone was very knowledgeable in their area, Clinton's personal story was very interesting to listen to - he looks great

Overall great conference

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (4)

None

this was more for myself, when I see patients in PAT I'm not sure if I could add anymore to their education from what they received in the office

NA

6. How certain are you that you will implement this change? (8)

Very Certain (2-
25.00%)

N/A (4-
50.00%)

Certain (2-
25.00%)

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (4)

Imaging techniques

all types of brain tumors, special interest in GBM

I would like more info on anticoagulation protocols regarding neurosurgery and procedures done in IR

N/A

8. Were the patient recommendations based on acceptable practices in medicine?

(8)

Yes ⁽⁸⁻
100.00%)

10. Do you think the presentation was without commercial bias?

(8)

Yes ⁽⁸⁻
100.00%)

12. Please provide any additional comments you may have about this educational activity. (2)

An excellent symposium.

NA

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality improvement.

We look forward to seeing you at future University of Louisville events. Thank you very much.
