

2020 Jasper Neurology Update

3/7/2020

This activity was created to address the professional practice gaps listed below:

- Identifying current updates in the diagnosis and therapeutic treatment options for common neurologic diseases.
- Recognizing the indications for referral to neurosurgery.
- Identifying newer therapies in care of the patient with migraine headache.
- Employing systematic evaluation and management strategies to impede exacerbations in neurological disease.
- Utilizing current neurology pearls to recognize and treat neurologic disorders.

1. Please respond regarding how much you agree or disagree that the gaps listed above were addressed.

	Disagree		Agree	
Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above. [16-3.75]	(0)	(0)	(4) 25.00%	(12) 75.00%
Participating in this educational activity changed your COMPETENCE in the professional practice gaps listed above. [16-3.75]	(0)	(0)	(4) 25.00%	(12) 75.00%
Do you feel participating in this educational activity will change your PERFORMANCE in the professional practice gaps listed above? [16-3.69]	(0)	(0)	(5) 31.25%	(11) 68.75%

2. Please elaborate on your previous answers. (5)

It will help me better treat TIA patients and use new migraine medications

Improved my knowledge base regarding Migraine headache treatment. Improved my awareness of neurosurgical issues

Good information from neurosurg and radiology

better utilization of medical resources

gained more knowledge about when to image, best imaging to order, when to refer to neurosurg; more info about best CGRP inhibitor to initiate

3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

	Poor	Fair	Good	Excellent
Richard Downs, MD [16-3.69]	(0)	(0)	(5) 31.25%	(11) 68.75%

Thomas Altstadt, MD [16-4.00]	(0)	(0)	(0)	(16)100%
Emily Klein, APRN [16-3.69]	(0)	(0)	(5) 31.25%	(11) 68.75%
Tiffany Murrell [15-3.67]	(0)	(0)	(5) 33.33%	(10) 66.67%
Michael K. Sowell, MD, FAHS [16-3.56]	(0)	(2) 12.50%	(3) 18.75%	(11) 68.75%
Kristi Nord, MD [14-4.00]	(0)	(0)	(0)	(14)100%

4. Please elaborate on your previous answers. (4)

tried to cover too much information in a short time, so talked too fast

All presented well researched information and delivered solid power point presentations.

A little too in depth on medication research from Sowell for pcp audience

very informative

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (7)

I will be more aware of further evaluating TIAs for possible stroke via CTA

I will educate patients on their medications and their side effects

new medications

More aggressive evaluation of the cervical spine if myelopathy is possibility. Will need to also educate myself on the newer migraine medications.

newest medications

best CGRP inhibitor to start and when; most appropriate imaging

updated on the new medications available for migraine.

6. How certain are you that you will implement this change? (12)

Certain ⁽⁴⁻
33.33%)

Maybe ⁽¹⁻
8.33%)

Very Certain ⁽⁵⁻
41.67%)

N/A ⁽²⁻
16.67%)

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (7)

Anticoagulation in stroke

Causes /Differential for tremors

A section geared towards nursing and education that can be done to patients to better manage their chronic neurologic disease would be helpful

headache

Pitfalls that PCP practitioners face with neurology patients.

not sure

best neurology practices, info on the neuro exam itself

8. Were the patient recommendations based on acceptable practices in medicine?

(14)

Yes ⁽¹⁴⁻
100.00%)

10. Do you think the presentation was without commercial bias?

(14)

Yes ⁽¹⁴⁻
100.00%)

12. Please provide any additional comments you may have about this educational activity. (4)

Overall a very helpful and insightful conference presentation. I appreciate the opportunity to attend!

none

quite helpful, well done

very helpful overall, enjoyed the presentations and it expanded my knowledge base

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality improvement.

We look forward to seeing you at future University of Louisville events. Thank you very much.
