LOUISVILLE.

4th Annual Brain Aneurysm Symposium

Saturday, August 14, 2021 8:00 am - 3:15 pm Zoom Webinar

Contact: Lauren Ellis 502-588-2578

A brain aneurysm is a bulge or balloon in a blood vessel of the brain. Brain aneurysms can leak or rupture causing hemorrhagic stroke requiring immediate, life-saving medical treatment. The care after a ruptured aneurysm is complex and patients require ongoing management while on the road to recovery. This course will provide insight into the ongoing best practices in care after a ruptured aneurysm. Primary care, nurses, neurosurgeons, neurologists, ER providers, physical therapists, physiatrists, patients, and patient families will find this program educational.
