2. Please elaborate on your previous answers. (5)

I learned there are 7 FDA approved treatments for chronic constipation

I know much more about the treatments available for IBS.

Surgical PA so good info but not in practice scope

great presentation

I do not manage pts with IBS but will be able to give my pts more information

3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

	Poor	Fair	Good	Excellent
Anthony Lembo, MD [9-4.00]	(0)	(0)	(0)	(9)100%

4. Please elaborate on your previous answers. (4)

He gave a good presentation, especially considering the diverse backgrounds of the providers at the event.

He provided information that we are able to use in our daily practice. He also gave very detailed answers to questions.

great presentation

Great, accessible speaker

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (6)
consider bile acid sequestrants

I will be able to more eloquently discuss the use of PEG for constipated patients and give them realistic expectations.

Surgical PA so good info but not in practice scope

Change method for assessing IBD

none

Being more knowledgeable on the subject for my pts

6. How certain are you that you will implement this change?
