

Regularly Scheduled Series (RSS) Program Evaluation

BCC - BCT Program

2021

Thank you for your time in providing this valuable feedback which will be used to enhance future RSS programs.

1. Please respond regarding how much you agree or disagree.

	Disagree		Agree	
Participating in this RSS program changed my KNOWLEDGE. [4-4.00]	(0)	(0)	(0)	(4)100%
Participating in this RSS program changed my COMPETENCE. [4-3.75]	(0)	(0)	(1)25.00%	(3)75.00%
Participating in this RSS program changed my PERFORMANCE. [4-3.75]	(0)	(0)	(1)25.00%	(3)75.00%

If you agree, please list one or more areas of your improved knowledge, competence or performance.

(4)

Continue to learn about donor choices and prep regimens.

Associating patient clinical status and improved correlation with laboratory diagnostic test results

Increased knowledge in BMT

Multidisciplinary conversation involving peri-transplant care

2. Do you think the topics in this RSS program were presented without commercial bias or a conflict of interest?

(4)

Yes (4-100.00%)

If you answered 'NO' to the above question, and if you believe there were commercially biased speakers/presentations, please list any you can recall.

3. Please rate:

	Poor	Fair	Good	Excellent
The overall quality of this RSS program. [4-4.00]	(0)	(0)	(0)	(4)100%

4. Based on your educational needs and medical practice gaps, please suggest topics and/or speakers for future RSS programming in this medical discipline.

(3)

N/a

NA

radiation Oncology

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.)

(4)

N/a

None

approach to the care of BMT patient

Better preparedness for discussions with families and care team

6. Please list any additional comments you may have about this educational activity.

(3)

N/a

None

As one of the participants in this RSS program, we want to encourage you to implement those ideas that were appropriate to your healthcare practice environment.

This evaluation data is confidential, and no individual will be identified by the office of Continuing Medical Education and Professional Development.

This data will only be used for quality assessment and improvement of future CME courses. Thank you very much.

RSS Program Evaluation

JGBCC - BMT Interdisciplinary Patient Treatment Meeting/Case Conference

July 1, 2018 through June 30, 2019

Thank you for your time in providing this valuable feedback which will be used to enhance future RSS programs.

1. Please respond regarding how much you agree or disagree.

	Disagree		Agree	
Participating in this RSS program changed my KNOWLEDGE. [9-3.67]	(0)	(0)	(3) 33.33%	(6) 66.67%
Participating in this RSS program changed my COMPETENCE. [9-3.67]	(0)	(0)	(3) 33.33%	(6) 66.67%
Participating in this RSS program changed my PERFORMANCE. [9-3.56]	(0)	(1) 11.11%	(2) 22.22%	(6) 66.67%

If you agree, please list one or more areas of your improved knowledge, competence or performance.

(6)

Better knowledge of treatment plans.

Patient care

improved clinical management of patients

know the many issues BMT pts deal with

Through the RSS program I have gained much knowledge about hematological cancers and the different inductions and consolidations used to achieve remission and prepare a patient's bone marrow to proceed with transplantation.

It was great to see how treatments have changed and to learn more about those changes

2. Do you think the topics in this RSS program were presented without commercial bias or a conflict of interest?

(7)

Yes (7-100.00%)

If you answered 'NO' to the above question, and if you believe there were commercially biased speakers/presentations, please list any you can recall.

3. Please rate:

	Poor	Fair	Good	Excellent
The overall quality of this RSS program. [9-3.44]	(0)	(0)	(5) 55.56%	(4) 44.44%

4. Based on your educational needs and medical practice gaps, please suggest topics and/or speakers for future RSS programming in this medical discipline.

(6)

CAR-T therapy update in treatment of diseases.

Na

none

Rehab (OT,PT and speech)

Unable to think of a topic or gaps.

Would love to continue hearing about the ever changing advances in cancer treatments

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.)

(6)

None as of right now.

New protocols

none

The knowledge gained assist when educating patients during the transplant process.

Dr Nelson spoke about the importance of physical activity while patients are going through treatments. I will stress the importance of this more.

6. Please list any additional comments you may have about this educational activity.

(3)

Na

good

enjoy being part of the process and I learn more about the Rx process
