

University of Louisville Dermatology Spring Meeting 5/20/2022

This activity was created to address the professional practice gaps listed below:

- Managing Dermatology patients with therapies that are based on the highest level of evidence.
- Implementing best practices when caring for children with skin diseases.
- Identifying new therapies for management of skin disease.

1. Please respond regarding how much you agree or disagree that the gaps listed above were addressed.

	Disagree		Agree	
Participating in this educational activity changed your KNOWLEDGE in the professional practice gaps listed above. [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Participating in this educational activity changed your COMPETENCE in the professional practice gaps listed above. [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Do you feel participating in this educational activity will change your PERFORMANCE in the professional practice gaps listed above? [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%

2. Please elaborate on your previous answers. (2)

I learned some new things today. I rarely see these types of patients but in the future I will be better prepared.

New diagnoses and treatments

3. Please evaluate the effectiveness of the following speakers in improving your knowledge, competence and/or performance. (Poor = 1, Excellent = 4)

	Poor	Fair	Good	Excellent
Jeffrey P. Callen, MD [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Jennifer T. Huang, MD [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%
Lisa Cohen, MD [10-3.90]	(0)	(0)	(1) 10.00%	(9) 90.00%

4. Please elaborate on your previous answers. (2)

Maybe the best spring dermatology meeting ever!

Lisa Cohen is a good Dermatopathologist

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (7)

I will have an expanded differential diagnosis if I happen to see any immunosuppressed children.

I learned about a couple new and rare diagnoses.

Learned new entities and treatments

Differential dx - learned about new dx

Consult with a pediatric dermatologist on difficult cases

Consult a pediatric dermatologist on tough cases

Dermatologic diseases in immunosuppressed children more fully understood and will help in identifying these diseases.

6. How certain are you that you will implement this change?

(7)

Very Certain ⁽⁵⁻
71.43%)

Certain ⁽²⁻
28.57%)

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (7)

Any general medical dermatology

It was a perfect mix.

It was a perfect mix

Systemic disease, therapy

Melanoma dx and treatment

Melanoma dx and treatment

Cutaneous manifestations of systemic disease.

8. Were the patient recommendations based on acceptable practices in medicine?

(8)

Yes ⁽⁸⁻
100.00%)

10. Do you think the presentation was without commercial bias?

(9)

Yes ⁽⁹⁻
100.00%)

12. Please provide any additional comments you may have about this educational activity. (4)

The residents did a fabulous job with their presentations.

The resident presentations were excellent.

The resident presentations were excellent

Wonderfully put together conference! Fantastic resident and Peds cases and a great lecture by our guest speaker!!

As one of the participants of this educational activity, we want to encourage you to implement those ideas that were appropriate to your healthcare environment.

This evaluation is confidential and no individual will be identified by this office (Continuing Medical Education and Professional Development). It will only be used for quality improvement.

Names or contact information of learners will not be shared with any ineligible company or its agents without the explicit consent of the individual learner.

We look forward to seeing you at future University of Louisville events. Thank you very much.
