Wonderful speakers

All cases were carefully vetted and meticulously prepared.

Each speaker showed confidence in their assessment, diagnosis and plan for each patient and disease process presented. Aftering viewing their case presentations, I feel more comfortable using their treatment options for patients in my practice.

Loved the resident cases!

All presentations were excellent.

Great case discussions with up to date literature review.

5. Please identify a change that you will implement into practice as a result of attending this educational activity (new protocols, different medications, etc.) (6)

More knowledgeable about conditions

More knowledgeable

I will consider oral Minoxidil as a viable treatment option for hair loss.

More comfortable in use of minoxidil

I will probably try Minoxidil for hair loss.

7. What topics do you want to hear more about, and what issues(s) in your practice will they address? (6)

None that I can think of

Alternate treatments for more common dermatoses

I think hair loss is a broad topic that I would like to learn more about because there are many different types and many different treatments. There are usually multiple patients daily inquiring about treatments for hair loss and I would like a good foundation of diagnoses and treatments to offer.

cutaneous manifestations of systemic disease

blistering disorders

JAK INHIBITORS

8. Were the patient recommendations based on acceptable practices in medicine?
