Morbid Obesity and Difficult Airways March 8, 2014

**Presented by the Departments of Anesthesiology
and Pulmonary Medicine**
7:00am-5:00pm
Paris Simulation Center
School of Medicine, University of Louisville

CE Credits Available
7.5 CME Credits
9.0 Nursing
7.0 Nurse Anesthetist

<http://bit.ly/difficultairway2014>

Symposium Overview

In this one day course, the participants will learn how to manage patients especially morbidly obese patients with difficult airways, cervical spine injuries, facial injuries & much more. It will review new and old but under taught skills like awake fiberoptic intubations, video laryngoscopy, as well as invasive and non-invasive airway management.

Target Audience

Target audience for this symposium: Physicians, Certified Registered Nurse Anesthetists, Registered Nurses, Respiratory Therapists, and Emergency Medical Service (EMS) providers.

Continuing Education Credit

Physician Credit - The University of Louisville Continuing Medical Education office designates this live activity for a maximum of 7.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Credit - This program has been approved by the Kentucky Board of Nursing for 9.0 continuing education credits through University of Louisville Hospital, provider number 4-0068-7-16-797. The Kentucky Board of Nursing approval of an individual nursing education provider does not constitute endorsement of program content.

AANA Credit - This program has been prior approved by the American Association of Nurse Anesthetists for 7.0 CE credits; Code Number 1029055; Expiration Date 03/08/14.

Registration

Registration Options and Fees:

UofL Physicians	\$ 200
UofL Faculty	\$ 200
UofL Residents	\$ 50
UofL Students	\$ 0
Outside Physicians	\$ 250
CRNAs	\$ 200
Nurses	\$ 50
All Others	\$ 100

To register online go to: <http://bit.ly/difficultairway2014>

Program Agenda

7:00-7:45 am

Registration and Breakfast

7:45-8:00 am

Introduction and Welcome

Dr. Mark Boswell

8:00-8:30 am

Morbid Obesity - An Introduction

Dr. Anu Wadhwa

8:30-9:00 am

Identification of the Difficult Airway

Dr. Robin Guillory

9:00-10:00 am

Optimal Preparation and Approach to the Difficult Airway

Dr. Ashish Sinha

10:00-10:30 am

Break

10:30-11:00 am

Airway Devices

Dr. Rainer Lenhardt

11:00-12:00 pm

Keynote lecture: "Emergence, Extubation and the Postoperative Period - Danger Ahead"

Dr. Stephanie Jones

12:00-1:00 pm

Lunch and Visit to Exhibitors

1:00-5:00 pm

Simulation Workshop: Stations

(25 minutes for each workshop with 5 minutes to change station)

Airway Workshop: Stations

Station 1: Supralaryngeal Airway

Station 2: Direct Laryngoscopy and Stylets

Station 3: Video Laryngoscopy

Station 4: Basic Fiberoptic Intubation

Station 5: Advanced Fiberoptic Intubation

Station 6: Cricothyrotomy

Station 7: Identification of Pulmonary Tree

Station 8: Clinical Scenarios in Simulation

5:00 pm

Adjourn
