

Advances in Neurology 2018 Neuromuscular Disease

Saturday, May 19, 2018

8 am - 3:30 pm

Churchill Downs

Trophy Room

700 Central Avenue

Louisville, KY 40208

The 10th annual Advances in Neurology course, hosted by the University of Louisville Department of Neurology, will focus on neuromuscular disease. Neuromuscular medicine has undergone significant recent advances. Topics will assist attendees in the evaluation and management of amyotrophic lateral sclerosis (ALS), myopathy and peripheral nerve disease. The course will be held in conjunction with the annual spring meeting of the Commonwealth Neurological Society.*

AGENDA

- 8:00 am** Welcome and Introduction
Martin Brown, MD
University of Louisville, Louisville, KY
- 8:05 am** Evaluation and Management of Peripheral Neuropathy
Jun Li, MD, PhD
Wayne State University, Detroit, MI
