Physicians (MD/DO) - The University of Louisville Office of Continuing Medical Education & Professional Development designates this live activity for a maximum of **6.0 AMA PRA Category 1 Credit(s)**TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Information **Nurses** - This program has been approved by the Kentucky Board of Nursing for 7.1 continuing education credits through University of Louisville Hospital, provider number 4-0068-7-18-1014. The Kentucky Board of Nursing approval of an individual nursing education provider does not constitute endorsement of program content.

Nurse Practitioners and Physician Assistants - AANP and AAPA accept Category I credit from AMA PRA Category 1 Credit(s)TM organizations accredited by ACCME.

Attendee Cancellation, Substitution, Refund

The course tuition is refundable, minus a \$20 processing fee, if your cancellation is received in writing no later than seven days prior to the conference. Attendee substitutions are allowed, but notification must be made in writing seven days prior to the conference. After that date, no refunds, credits, or substitutions will be granted. No refunds or credits will be given to those who “no show.”

Recording and Photography

The University of Louisville reserves exclusive rights to record (audio and video) and/or photograph conference proceedings for use in marketing materials, future presentations and other purposes.

Attendance Policies

Guest Attendance

All conference activities (including educational sessions, meal functions, exhibit hall participation and others) are exclusively reserved for seminar participants. Non-registered guests (including children, family members, colleagues and others.) are not permitted in the seminar areas.

Conference Modification or Cancellation

The University of Louisville and SC Liver Research Consortium reserve the right to modify the course’s schedule, faculty or content if necessary. They also reserve the right to cancel this seminar, and in the unlikely event, a full refund of the registration fee will be provided. We are unable to refund any travel costs (flight, hotel, etc.) in the case of a seminar cancellation.

**Your Seminar
Faculty**

KRIS V. KOWDLEY, M.D.

Dr. Kowdley is internationally recognized as a clinician, educator and researcher in the area of liver disease and has presented his research on liver diseases at more than 135 national and international meetings and scientific symposia. He is the author of over 375 articles, book chapters, reviews and commentaries in this area and has been published in the *Annals of Internal Medicine*, *Archives of Surgery*, *Gastroenterology*, *Hepatology*, *American Journal of Physiology*, *New England Journal of Medicine*, and among other professional publications.

Dr. Kowdley has extensive experience in clinical trials in all areas of liver disease, ranging from hepatitis C, cholestatic liver disease, nonalcoholic steatohepatitis and hepatitis B. He has been a principal investigator in several NIDDK-sponsored clinical trials in primary biliary cirrhosis, primary sclerosing cholangitis and is a member of executive committee of the nonalcoholic steatohepatitis clinical research network (NASH CRN).

CHARLES LANDIS, M.D.

Dr. Charles Landis is a gastroenterologist in Seattle, Washington and is affiliated with multiple hospitals in the area, including UW Medicine/Harborview Medical Center and University of Washington Medical Center. He received his medical degree from State University of New York Downstate Medical Center College of Medicine and completed his residency in Internal Medicine and a GI Fellowship at Albert Einstein College of Medicine in New York.

ANNE M. CROGHAN, MN, ARNP

Anne Croghan is a Nurse Practitioner working with patients with liver disease at Swedish Medical Center in Seattle, Washington. A native of Washington DC, Anne has practiced in an academic medical center, a specialty group practice and at Veteran's Administration Medical Center.

Her clinical practice has assisted patients in the evaluation and treatment of hepatitis C, hepatitis B, HCV/HIV co-infected, HBV/HIV co-infected, fatty liver disease, pre- and post-liver transplant patients, and patients with hepatocellular carcinoma. She has also worked as an investigator on multiple clinical trials for viral hepatitis.

Ms. Croghan has also published articles in several recognized medical and nursing journals.
