Symposium Overview

This one day CME course on peri-operative critical events will offer lectures in the morning and hands on practice with simulation based learning in the afternoon. Participants will learn how to manage perioperative critical events as individuals as well as working as a team. This includes management of difficult airway, hypoxia, hemodynamic instability including cardiac arrest and hypertension. The participants will also learn, emergency intravenous access (intraosseous and central venous catheter insertion), cannot intubate - cannot ventilate (surgical airway), bronchoscopy, chest tube placement and many more skills.

Target Audience

Target audience for this symposium: The target audience for this seminar includes Medical Doctors (MD), Certified Registered Nurse Anesthetists (CRNA), Registered Nurses (RN), Respiratory Therapists, Emergency Medical Service (EMS) providers and all others interested in the topics presented..

Continuing Education Credit

Physician Credit - The University of Louisville Continuing Medical Education office designates this live activity for a maximum of 7.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Credit - This program has been approved by the Kentucky Board of Nursing for 8.4 continuing education credits through University of Louisville Hospital, provider number 4-0068-7-16-846. The Kentucky Board of Nursing approval of an individual nursing education provider does not constitute endorsement of program content.

AANA Credit - This program has been prior approved by the American Association of Nurse Anesthetists for 7.0 CE credits.

Registration

Registration Options and Fees:

UofL Physicians	\$ 200
UofL Faculty	\$ 200
UofL Residents	\$ 50
UofL Students	\$ 0
Outside Physicians	\$ 250
CRNAs	\$ 200
Nurses	\$ 50
All Others	\$ 100

To register online go to: <http://bit.ly/airway15>

Program Agenda

7:00-7:45 am

Registration and Breakfast

7:45-8:00 am

Introduction and Welcome

Dr. Mark Boswell

8:00-8:30 am

Airway & Breathing Disasters

Dr. Jerrad Businger

8:30-9:00 am

Malignant Hypertension

Dr. Kari Beth Christie

9:00-9:30 am

Severe Hypoxemia

Dr. Aneeta Bhatia

9:30—10:00 am

Break and visit with Exhibitors

10:00-10:30 am

Why is My Patient Not Waking Up After Surgery?

Dr. Ozan Akca

10:30-11:00 am

Alternatives to Awake Fiber Optic Intubation

Dr. Rainer Lenhardt

11:00 am-12 pm

Keynote Lecture-"Witnessed Cardiac Arrest"

Dr. Michael F. O'Connor

12:00-1:00 pm

Lunch and Visit to Exhibitors

1:00-5:00 pm

Simulation Workshop: Stations

(25 minutes for each workshop with 5 minutes to change station)

Workshop: Stations

Station 1: Severe Hypoxia & Chest Tube Placement

Station 2: Emergency IV Access (Intraosseous Vascular Access)

Station 3: Video Laryngoscopy

Station 4: Non-Invasive Hemodynamic Monitoring & Ultrasound Guided CVC Placement

Station 5: Advanced Fiberoptic Intubation

Station 6: Cricothyrotomy

Station 7: Bronchoscopy & Identification of Pulmonary Tree

Station 8: Witnessed Hemodynamic Instability

5:00 pm

Adjourn
